

## THE BIG DAY OFF 2017 - 2018

Every month, an initiative to appreciate and at the same time ease the work of the house keeping staff has been introduced into the college calendar.

This day would imply a day off for the house keeping staff and instil the importance of cleanliness and ethics to the students. Students who volunteer for the same aid keeping the college campus clean on the particular day.

The first edition of The Big Day Off was held on 21st July, 2017 and saw a positive response from the students. The students ensured that the classrooms, toilets and corridors were spicily-and-span through the course of the day.

This initiative will continue one day during each month for the remainder of the academic year.
