Vision and Mission

Jesuit Vision of Education

Jesuit Education, inspired and motivated by the person and message of Jesus Christ, affirms (a) that God is the author and sustainer of all reality and truth; (b) that every human being is created in the image and likeness of God; and (c) that the whole of creation and the human community are radically good.

Jesuit Education, therefore, is committed to

- (a) An authentic search of knowledge in the service and advancement of the world;

The 'Mission' is derived from the Vision and is the *raison d'être* of the College.

Principal's Foreword

Distinguished Chief Guest of this evening Shri. K Raghu, Past President of ICAI, Rev. Fr. Antony Joseph SJ, Rector of St. Joseph's Institutions, Dear Principals, Rev. Fathers, Rev. Sisters, respected Members of the Staff, Parents, Alumni, Guests and my dear Students.

Good evening and a warm welcome to the 44th College Day Celebrations of St. Joseph's College of Commerce.

Ladies and Gentlemen,

The past year has been an eventful and exciting year for India. Through fierce debates about the meanings of free speech, of being Indian, being patriotic and being nationalist, we are upholding the very essence of our democracy – the rich and ancient tradition of argumentation. But why is argumentation important?

The creation of knowledge is an inherently disruptive process, one that is built on the edifice of disagreement, not consensus. As Amartya Sen eloquently writes in his book *The Argumentative Indian*, heterodoxy is the cultural fabric of India. We are an ancient, pluralistic nation that has thrived on the contestation of multiple truths and facts. The role of universities in this tradition is paramount. We are fertile spaces for such argumentation, which liberates the minds of young men and women by encouraging them to respectfully, peacefully and logically challenge the world as they experience it and become intellectuals in their own right. St. Joseph's takes pride in having built an

Institution that contributes to this tradition. Our vibrant community of faculty, researchers and staff, through passionate classroom discussions and various Institutional initiatives, enable our students to become self-critical thinkers.

In a world that is increasingly globalized and integrated; where commerce, labour and knowledge flow freely, where cultures and identities are mosaic, our students have to be equipped to be independent, analytical and eloquent in their expression. They cannot cradle themselves in an existing stock of knowledge, but must be resourceful and build knowledge on the go. St. Joseph's prides itself on its students and alumni who have gone on to successfully work, study and live in such a cosmopolitan world. Their success reflects our Institution's commitment to create individuals who are not only academically brilliant and skilled, but are also compassionate, accommodating and tolerant individuals. Our efforts foster not just the best commerce graduates but also the finest citizens of this country. To this end, we are grateful to God that the mission and performance of our Institution continue to be blessed.

As I bid Farewell to yet another class, I wish them the very best. I am very hopeful and excited for each of our students. They enter the world outside, as ambassadors of our great Institution, of our great nation. May they keep this tradition of argumentation alive. Indeed, the cacophony of debate is the music of our democracy.

Extension & Community Outreach- a venture for Social Change

St. Joseph's College of Commerce has always been about education that reaches outside from the four walls of its classrooms into a world that needs men and women who can serve humanity through the pursuit of knowledge. The extension and outreach activities organized by the Institution, is an endeavour to encourage a deeper sense of service to others and achieve the Jesuit vision of education *of creating men and women* for the larger society. The various associations work towards instilling and nurturing moral sensibility and ethical responsibility amongst students towards their environment, society and the less fortunate. NSS, CSA, E Cell, NCC, Women's Forum, AICUF, and Eco Club are the active association that participates in planning and implementing outreach activities in the Institution.

Jesuit's collaborative venture for social change

The Jesuit view of higher education concerns all round development of students with a special focus on critical praxis that engages them to yoke their academic excellence, character development and a personal concern to the transformation of a society that is deeply disturbed by inequality and injustice. In alignment with the Jesuit Higher Education purposes, the University Grant Commission, the Highest Education Authority in India has recognized the relevance and importance of the purpose and practice of extension as integral to the process of learning. Based on the said objective, the Institution has started 60 hours of community service to reach out

to the deprived groups and vulnerable sections of society and create opportunities for education, awareness and skill enhancement.

Community Service

Jesuit education helps students to realize that talents are gifts to be developed, not for self –satisfaction or self-gain, but rather, with the help of God, to be utilized for the good of the human community. Students' are encouraged to use their gifts in the service of others, out of love for God. As a part of the rural exposure camps the students visit villages and experience the realities of village life, their predicaments and their everyday challenges with minimum resources. They conduct outreach programmes in these villages and work towards their betterment.

This academic year, all the Associations jointly came together and celebrated the World Human Rights Day by expressing its staunch protest against the killing of the veteran Kannada writer and social activist M.M Kalburgi and demanding the basic human right to live peacefully in an open and free society. Under the banner *Youth for Peace and Plurality*, all the Association members, students, faculty along with writers, artists and various other social organizations from all over Bangalore gathered in Town Hall on 10 December 2015, to express its solidarity with all those who have lost their lives trying to protect the basic human rights and to show their commitment to peace and plurality. The Institution by supporting and advocating its faith on human rights issues echoes its motto of shaping *men and women for the larger society*.

Week of Giving

The week of Giving was organized on the campus from 21 to 26 August 2015 for the Nepal earthquake relief efforts. The Institution made a huge material donation and organized food fest, and newspaper drive to raise money for the cause. The faculty members of the Institution contributed a day's salary towards Chennai flood relief and restoration activities. The Institution through the combined efforts of the students and staff made a monetary contribution of 3.5 lakh towards Nepal earthquake relief and Chennai restoration activities. The Institution by encouraging such community work has well exemplified the quote "Solidarity is learned through 'contact' rather than through 'concepts'".

Thanksgiving Day

The Institution organized a Thanksgiving Day on 4 March 2016 for the graduating students marking the end a wonderful journey on the College campus through giving thanks to the Almighty. This was a solemn occasion witnessed by all the final years, where each class presented a prayer on their behalf and symbolic offerings were given. With the presence of the Rector, Rev. Fr. Anthony Joseph SJ, and many other respected priests from the Jesuit institutions, the Thanksgiving Service made the passing out students feel more spiritually attached to the institution. The service was held in two sessions for the two sets of final years.

A Visit to the National Gallery of Modern Art as a part French Certificate Course Programme.

The students of II B.Com TT were presented an opportunity to go on an educational visit to the National Gallery of Modern Art as part of their continuous internal assessment. The visit was conducted in two batches on the 12th and 16th December respectively. Specific instructions were given for each student to select a particular sculpture of their liking on which they would write an analytical piece drawing interpretations relating to their own perceptions. This immersive exercise yielded productively indulgent experiences for the students as each person felt compelled to delve deep into their creativity and explore their wisdom. Fine art is a major part of any culture and research has shown that our culture does play a role in the way our brain processes information and reacts to stimuli. That's one reason why a visit to places of culture like this is important.

As a part of the Internal Assessment evaluation, the first year BBA Classes organized an exhibition christened "Hall of Fame", akin to the *Madame Tussauds Expo*. Rev. Fr. Sebastian Fernandes SJ

11.03.1948 - 10.02.2016

He was the Controller of Examinations at St. Josephs College of Commerce from 2007 to 2014. SJCC fondly remembers him as a warm, dedicated, friendly, affectionate and a humane person. The spirited and good humoured way in which he carried out the seemingly never ending task of implementing and documenting the academic performance of the students needs a special mention. He loved people in need and those suffering and as the controller of examinations was always willing to walk that extra mile for the academically challenged students. He left for his heavenly abode on 10 February 2016. May his soul rest in peace!

Mr. B. Nanjundappa

18.04.1964 – 17.07.2015

He served the Institution for 26 years and left behind an intense presence. He did all the work assigned to him with great commitment. Mr. Nanjundappa had a good rapport with the Dept of Collegiate Education and University officials and went out of his way to procure necessary certificates for the students from the University. He will be fondly remembered by every member of St. Joseph's College of Commerce. He left for his heavenly abode on 17 July 2015. May his soul rest in peace!
