AQAR: 2021-2022

4.3.1 IT policy covering Wi-Fi, cyber security, etc.

IT Infrastructure

The institution on a regular basis upgrades the technological facilities in the college, given the increasing reliance on online platforms. The technological advancements adopted by the college, as part of the infrastructure development during 2021-2022, are as follows:

- The Internet Leased Line was upgraded from 350 mbps to 450 mbps to provide a good speed internet on campus.
- The Wi-Fi Access Points were increased to 29 in numbers for better connectivity and range on campus.
- To ensure smooth functioning of Blended mode classes (online and offline) 15 All-in-One Conference Camera (HD) were purchased.
- To reduce the inconvenience of the cables while using projectors, two wireless projectors were procured to test the performance which are installed in the Library and Computer Lab.
- An All-in-One Computer and an iPad were purchased for managerial use.
- The ID Card Printer for staff and students was replaced with a new one.
- For better surveillance 15 new CCTV Cameras were installed on campus adding to the existing ones.
- The annual subscription of Office 365 (Office Suite) used for Online Teaching and Learning, Training, Seminars and Conferences.
- Majority of the systems in the computer lab was upgraded to Windows 11, Windows 10 from Windows 8 and Windows 7.
- Official Email IDs were created forall the students on campus and staff members for official communication.
- DJI Mavic 3 drone camera, Rode Wireless Go 2 Microphone and Rode NGT 4 plus microphone were purchased to enhance the media centre.
- The existing Adobe Creative Cloud subscription was extended to one more year and a data recovery software 'Wondershare Recoverit' was purchased.
- The website was updated with new information related to college
