Provide a brief summary of your career in about 100-150 words. Kindly write in a third person narrative.

Ashbel Mathew Kurian is a skilled professional with a strong background in computer science and education. With a Master's degree in Computer Applications (MCA) from APJ Abdul Kalam University, he has demonstrated his technical and analytical abilities in various domains. Ashbel's expertise lies in programming languages such as C, C++, Advanced Java, Python, PHP, and SQL, as well as web development technologies including HTML, CSS, Bootstrap, JavaScript, JQuery, and Ajax. He is also proficient in using sound editing software and digital design tools like Canva.

Throughout his career, Ashbel has showcased his leadership skills, effectively coordinating class activities and empowering students to foster growth. He has experience teaching computer science and informatics practices to students across different educational institutions. Additionally, he has a solid understanding of computer hardware, network management, and server maintenance.

Ashbel has also gained valuable business development experience, having worked as a Business Development Manager and Executive. He has successfully identified new business opportunities, managed client relationships, and utilized CRM platforms like HubSpot for efficient sales management.

With a strong commitment to professional development, Ashbel has actively participated in training programs and workshops on topics such as artificial intelligence, cybersecurity, and web hacking. He is an excellent communicator with strong English language skills and possesses expert knowledge of computer software programs.

Outside of work, Ashbel is an avid reader, sports enthusiast, and enjoys traveling. He currently resides in Thrissur, Kerala, India.
