## **ABOUT THE COLLEGE**

St. Joseph's College of Commerce (SJCC) began as a Department of Commerce in 1949 at St. Joseph's College (Estd. 1882). This department was moved to Brigade Road campus in 1972 and became an independent college under the name St. Joseph's College of Commerce (SJCC). SJCC is affiliated to the Bengaluru City University. Currently there are over 3000 students in B.B.A, B.Com and M.Com programmes at SJCC. St. Joseph's College of Commerce was conferred autonomous status in October 2004 and recognised as a "College with Potential for Excellence" in February 2010 by UGC. The college is reaccredited with 'A++' grade by the National Assessment and Accreditation Council (NAAC), in February 2021. It has been consistently ranked within the top 100 colleges by the National Institutional Ranking Framework (NIRF), Ministry of Education. Since its inception, the college has been a state-of-the-art space for Commerce and Management Education focusing on multi-dimensional responsive to the significant changes and developments in the field of Higher Education as well as in the domain of Commerce and Management.

## **ABOUT THE DEPARTMENT**

The Department of Commerce of St. Joseph's College of Commerce has efficiently streamlined all its courses to reflect an interdisciplinary approach to understanding the contemporary business environment. Its aim is to construct a strong foundation in core subjects such as Accounting, Taxation, Economics, Statistics, Auditing along with a choice of Cost Accounting, Finance, Marketing and Human Resources, studied in the fifth and sixth semester. The courses are challenging, yet, rewarding for students with high aspirations. Our students have been sought after by employers for their excellent knowledge, skills and attitude, giving them an edge over their peers from other institutions. The B.Com Programme of the college is rated amongst the top 10 in the country.(India Today, AC Nielson Survey 2016).

## CONCEPT NOTE

Career guidance helps individuals make a shift from the general understanding of life and work to a more specific understanding of the realistic and practical career options that are available to them.

The Healthcare Industry offers many career opportunities that cater to a variety of skills and professional aptitudes. Whether you want to work on the frontlines with patients or serve behind the scenes to help clinics run efficiently, the healthcare industry likely has a job to fit your career aspirations.

In the era of the data-driven economy, it is very important to know the use of technologies like Machine Learning, Artificial Intelligence, and Data Science in your career options. It does not matter what field you are in, important is that you should know how you may use Artificial Intelligence in your work.

If you are passionate and willing to go the extra mile, then you could become a professional in the Field of Artificial Intelligence, Data Science and Healthcare Management and even end up getting a good job. These sessions will give you the insights into global career opportunities.
