CONCEPT NOTE

The Union Public Service Commission (UPSC) is entrusted with the responsibility of conducting examinations for the appointment to the services of the Union. Under Article 320 of the Constitution of India, the Commission is required to take care of the matters related to recruitment of civil services and posts. The Civil Services Exam (CSE) is one of the few examinations conducted by the UPSC to recruit suitable candidates into Civil Services of India including IAS, IPS, IFS and other allied services.

The syllabus for UPSC Prelims Exam ranges from current events of national and international importance to generic issues spread across disciplines, which do not require subject specialization. The UPSC Mains Exam intends to assess the overall intellectual traits and depth of understanding of a candidate. As CSE is one of the most arduous examinations to clear in the country, a guided preparation can help aspiring candidates to qualify the exam. Ample career guidance makes students aware of the course and helps them to choose the right path for their future.

The webinar intends to direct students in brief on the preparation processes involved for qualifying the UPSC examinations, and providing them with inspirational insights to turn their dreams to reality.
