# **St. Joseph's College of Commerce** (Autonomous) 163, Brigade Road, Bengaluru – 560 025

Accredited with 'A++' Grade (4<sup>th</sup> Cycle) by the National Assessment and Accreditation Council (NAAC)

## Recognized by the UGC as "COLLEGE WITH POTENTIAL FOR EXCELLENCE"

## Bachelor of Business Administration (Professional - Finance and Accountancy) Semester I & II

Syllabus as per Karnataka State Education Policy 2024

Framework w.e.f., 2024-2025

Academic Year 2024 - 2025

Batch 2024

#### St. Joseph's College of Commerce

#### (An Autonomous Institution affiliated to Bengaluru City University)

St. Joseph's College of Commerce (SJCC) was formerly a part of St. Joseph's College, established in the year 1882. The Commerce Department was established in the year 1949 and it became an independent college with its own building in Brigade Road in the year 1972.

The college has in its Vision a model for higher education which encourages individuals to dreamof a socially just world and in its Mission a strategy to empower individuals in realizing that dream.

With an objective of imparting quality education in the field of Commerce and Management, the college has been innovating in all aspects of higher education over a long period of time. These innovations were further bolstered with the granting of autonomous status to the college by UGCin September 2005. From then on, the college has taken a lead in reforming curriculum and syllabus, examination and evaluation pattern and teaching and learning methods through the Board of Studies, the Academic Council and the Governing Council comprising of eminent academicians, industry representatives and notable alumni.

The college has undergone four cycles of NAAC accreditation starting from the year 2000 in which it secured 'five stars', next in the year 2007 an 'A' grade, in the year 2012 again an 'A' gradeand recently in February 2021 an 'A++'. It is one of the very few institutions in the country to have secured A++ grade in the fourth cycle under the Revised Accreditation Framework (RAF) and the first college in Karnataka to do so. The college was declared as a 'College with Potential for Excellence' in the year 2010. In 2011, SJCC was recognized as a Research Centre by Bangalore University. The college has been ranked 55th in the National Institutional Ranking Framework (NIRF) ratings of Ministry of Education, Government of India, in 2024 and it has been the only institution from Karnataka to make it consistently to the top 100 in the country.

The college offers diverse programmes in Commerce and Business Administration. Under Commerce Studies it offers B.Com, B.Com (Professional- International Accounting and Finance), B.Com (BPM- Industry Integrated), B.Com (Travel and Tourism), B.Com (Analytics), B.Com (Professional - Strategic Finance), M.Com (Finance & Taxation/ Marketing & Analytics), M.Com (International Business) & M.Com (Financial Analysis). Under Business Administration it offers BBA, BBA (Entrepreneurship) and BBA (Professional- Finance and Accountancy). The college also offers six one-year Post Graduate Diploma programmes.

## THE DEPARTMENT OF BUSINESS ADMINISTRATION

With the world of business constantly changing and a strong base created for technology in the country, it is of utmost importance to augment management talent and resources at all levels. Strategies and goals of any educational institution has to be constantly redefined to keep in pace with the external environment. All this led to the birth of the BBA department at St. Joseph's College of Commerce in the year 2004-2005. Within a short period of time, the department has emerged as a promising centre in the field of management studies at the undergraduate level. This department aims at motivating students to take up higher studies in management, so that they may blossom into effective entrepreneurs who would not be afraid of taking risk, or teachers and researchers who would contribute positively towards the betterment of the society or to take up consultation to help business units leverage on management knowledge.

# OBJECTIVES OF THE BBA (PROFESSIONAL - FINANCE AND ACCOUNTANCY) PROGRAMME:

- 1. To develop professional knowledge and skills in International Accounting, Finance, Auditing, Taxation, Risk Management etc. by adopting learner centered pedagogical practices.
- 2. To equip students with the necessary tutoring required as per CIMA standards to enable them to effectively pursue the professional qualification.
- 3. To inculcate a strong sense of ethics and corporate values, especially with regard to the accountability, transparency and responsibility of a professional in the business world.
- 4. To provide students with the opportunity to play diverse roles at senior or advisory levels in any organization.

## ELIGIBILITY FOR ADMISSION

Candidates who have completed the two-year Pre-University course of Karnataka State or its equivalent are eligible for admission into this Programme.

## DURATION OF THE PROGRAMME

The duration of the programme is three (03) years of Six Semesters. A candidate shall complete his/her degree within six (06) academic years from the date of his/her admission to the first semester. Students successfully completing three (03) years of the course will be awarded Bachelor's Degree in Commerce.

#### MEDIUM OF INSTRUCTION

The medium of instruction shall be in English. However, a candidate will be permitted to write the examination completely, either in English or in Kannada.

## ATTENDANCE

**a.** A student shall be considered to have satisfied the requirement of attendance for the semester, if he/she has attended not less than 75% in aggregate of the number of working periods in each of the courses, compulsorily.

**b.** A student who fails to complete the course in the manner stated above shall not be permitted to take the End Semester Examination.

#### **TEACHING AND EVALUATION**

M.Com (All Programs) /MBA / MFA / MBS graduates with basic degree in B. Com (All B.Com Programs), B.B.M, BBA & BBS from a recognized University, are only eligible to teach and evaluate the courses (excepting languages, compulsory additional subjects and core Information Technology related subjects) mentioned in this regulation. Languages, IT related courses and additional courses shall be taught by the Post-graduates as recognized by the respective Board of Studies.

# ACADEMIC EVALUATION UNDER STATE EDUCATION POLICY (SEP) EFFECTIVE FROM ACADEMIC YEAR 2024-2025

The academic evaluation of both undergraduate (UG) and postgraduate (PG) programmes consists of two components: Continuous Internal Assessment (Formative Assessment) and End-Semester Examination (Summative Assessment).

Type of Assessment	Assessment Component	Allotted Marks	
	CIA I (Test)	10 Marks	
Continuous Internal Assessment/ Formative Assessment	CIA II (Skill-based Assessment)	10 Marks	
	Mid-Term Exam	20 Marks	
Total	40 marks (scaled down to 2	0 marks)	
End-Semester Examination / Summative Assessment	End-Semester Examination	80 Marks	
TOTAL		100 Marks	

#### a. Assessment for UG Students under SEP will be as follows:

#### Additional Details:

• **Mid-Term Exam**: The mid-term test covers at least 40-50% of the syllabus and has a duration of one hour.

• **Continuous Internal Assessment (CIA) Activities**: CIA activities are designed with clear objectives, modalities, assessment rubrics, and outcomes. These activities are robust and are conducted continuously throughout the semester.

#### End-Semester Examination (ESE) under SEP - Rules and Attendance Requirement:

• The total marks for the ESE are 80, with a duration of 3 hours under SEP.

• A minimum of 75% attendance in each course is required to be eligible to sit for the End-Semester Examinations (ESE).

## Attendance Requirement for Taking ESE:

• The University Grants Commission (UGC) mandates a minimum of 75% attendance in each course to be eligible to write the End Semester Examinations (ESE). The college strictly adheres to this rule as required by the UGC.

• There is no provision for condonation of attendance under the UGC Act.

## CIA Improvement:

• There is no provision for enhancing CIA marks for UG students once the semester ends. Therefore, students are advised to take all formative assessments seriously.

## Absence during End Semester Examination:

• If a student misses the End Semester Examination, they will be marked as "Absent" and will be required to take the supplementary examination for that course during the next available opportunity only.

#### Criteria for Passing and Classification:

#### Minimum for a Pass:

1. **Minimum Pass Marks in Final Examination**: A minimum of 40 percent is required in each course. The student must score at least 32 marks out of 80 in the End Semester Examination (ESE).

2. **Overall Pass Requirement**: The aggregate of Continuous Internal Assessment (CIA) and End Semester Examination (ESE) should also be a minimum of 40 percent. Out of 100 marks, a student must secure at least 40 marks in each course to qualify as passed.

3. **SGPA Calculation**: SGPA (Semester Grade Point Average) is calculated as follows:

#### SGPA=Total of (Credits Earned X Grade Points) ÷ Total of Corresponding Credits

- 4. **SGPA Calculation Eligibility**: SGPA will be calculated only for students who have passed all courses, including graded courses, in the semester.
- 5. CGPA Calculation: CGPA (Cumulative Grade Point Average) is calculated as follows:

#### $CGPA = \sum Total \ credits \ in \ the \ semester \times SGPA \div Total \ credits \ of \ the \ course$

CGPA= $\Sigma$ Total credits in the semester × SGPA ÷Total credits of the course

SGPA and CGPA will be rounded off to two decimal places.

#### Interpretation of SGPA/CGPA and Classification of Final Result for a UG Programme

#### I. Classification of Successful Candidates

• **Grading System for Choice Based Credit System (CBCS)**: The College adopts a ten-point grading system. The following are the modalities and operational details:

1.	Credits: Credits are assigned to courses	based on the following broad classification:
----	--	--

Courses category	Instruction Hours/week	Credits
Languages	3 Hours	3
Major Core	4 Hours	4
Compulsory courses	2 Hours	2
Skill Enhancement Courses	2 Hours	2

**1. Grade Points**: The papers are marked in a conventional way for 100 marks. The marks obtained are converted to grade point according to the following table. If a student is absent for the paper the grade point assigned is 0.

	95	9	8	8	7	7	6	6	5	5	4	4	Belo
Mark s	-	0-	5-	0-	5-	0-	5-	0-	5-	0-	5-	0-	w 40
	10	9	8	8	7	7	6	6	5	5	4	4	
	0	4	9	4	9	4	9	4	9	4	9	4	
Gra de Poin ts	10	9. 5	9	8. 5	8	7. 5	7	6. 5	6	5. 5	5	4. 5	0

#### 2. Semester Grade Point Average (SGPA):

• The SGPA is calculated as the sum of the product of the credits and the grade points scored in all courses, divided by the total credits of Part A and Part B in the semester.

#### SGPA=Total of (Credits Earned X Grade Points) ÷ Total of Corresponding Credits

- The minimum SGPA required for a pass is 4.00.
- If a student has not passed in a course or is absent, the SGPA is not assigned.

## 3. Cumulative Grade Point Average (CGPA):

• The CGPA is the weighted average of all the courses taken by a student across all six semesters of a programme.

#### **CGPA=**∑**Total credits in the semester** × **SGPA** ÷**Total credits of the course**

• SGPA and CGPA will be rounded off to two decimal places.

Interpretation of SGPA/CGPA and Classification of Final Result for a UG Programme:

Grade Points	% of marks	Grade	Result/Class Description
9.00-10.00	85 - 100	0	Outstanding
8.00-8.99	75 - 85	A+	First Class Exemplary
7.00-7.99	65 - 75	А	First Class Distinction
6.00-6.99	55 - 65	B+	First Class
5.50-5.99	50 -55	В	High Second Class
5.00-5.49	45 - 50	С	Second Class
4.50 -4.99	40 - 45	Р	Pass Class
Below 4.5	Below 40	RA	To Re-Appear

#### Pattern of Question Paper under SEP

The question paper under SEP will include questions that assess both Lower Order Thinking Skills (LOTS) and Higher Order Thinking Skills (HOTS). The difficulty level of the question paper will be distributed as follows: 40% easy, 30% difficult, and 30% very challenging.

#### ESE Question Paper Pattern:

- **Duration**: 3 Hours
- Maximum Marks: 80

The question paper will follow this model:

Section	Marks per Question	Number of Questions	Total Marks
Section A	2 marks	5 questions (out of 7)	10 Marks
Section B	5 marks	4 questions (out of 6)	20 Marks
Section C	12 marks	3 questions (out of 5)	36 Marks
Section D	14 marks	1 question (Case Study)	14 Marks
Total			80 Marks

Revaluation, Retotaling, and Improvement

- Requests for **revaluation**, **retotaling**, and **photocopies of the answer book** for the End-Semester Examination (ESE) must be submitted to the Controller of Examination along with the prescribed fee within two weeks from the declaration of results.
- **Improvement** of Continuous Internal Assessment (CIA) marks is not possible after the completion of the particular semester.

## **Outcome Based Education (OBE)**

## **BBA** (Professional - Finance And Accountancy) Programme

## **Program Educational Objectives (PEO)**

## Our BBA (Professional - Finance and Accountancy)

Programme will produce graduates who will be:

**PEO1: Develop** professional competence to become successful managers and entrepreneurs in the academia, industry or government.

**PEO2:** Adapt to a rapidly changing environment with newly learnt and applied skills and competencies, become socially responsible and value driven citizens, committed to sustainable development.

**PEO3:** Act with conscience of global, ethical, societal, ecological and commercial awareness with sustainable values as is expected of practicing management professionals contributing to the country.

**PEO4:** Able to continue their professional development by obtaining advanced degrees in Management or other professional fields.

## Programme Outcomes (POs):

After the completion of the **BBA** (**Professional - Finance and Accountancy**) Programme, the student will be able to:

## PO1: Disciplinary and Inter - disciplinary Knowledge Demonstrate the understanding of

relevant business, management

and organization knowledge, both academic and professional, in line with industry standards.

## PO2: Decision making Skill

**Apply** underlying concepts, principles, and techniques of analysis, both within and outside the discipline to generate all the possible solutions and picks one that shows their understanding of the problem and the outcomes.

## PO3: Integrated problem-solving and Research

**Analyze** how parts of a whole interact with each other to produce overall outcomes in complex systems by analyzing key managerial issues in a particular industry or company and propose

appropriate managerial solutions to the situation.

## PO4: Critical thinking Skill

**Evaluate** evidence, arguments, claims and beliefs by using right type of reasoning as appropriate to the situation and Analyze how parts of a whole interact with each other to produce overall outcomes incomplex systems.

## PO5: Creative thinking Skill

**Develop** implements and communicates new and worthwhile ideas using both incremental and radical concepts to make a real and useful contribution to their work.

## PO6: Usage of Modern Technology and Tools

**Use** tools and technologies of digital nature, communication/ networking tools and social networks appropriately to access, manage, integrate, evaluate and create information to successfully function in a knowledge economy.

## PO7: Leadership and Team Work

**Develop** a vision, translate that vision into shared goals, and effectively work with others to achieve these goals.

#### PO8: Ethical Conduct & Sustainability Practices

**Act** responsibly and sustainably at local, national, and global levels. PO9: Collaboration & Networking Skill

Work collaboratively and respectfully as members and leaders of diverse teams.

## PO10: Self-directed and Life - Long learning

**Create** goals and monitor progress toward them by developing an awareness of the personal, environmental and task-specific factors that affect attainment of the goals.

#### **Programme Specific Outcomes (PSOs)**

#### PSO11: Financial Modelling as a Decision tool

**Justify** financial decision making of a selected financial situation with an appropriate Financial Model.

#### **PSO12:** Exploring alternative solutions

**Develop** alternative solutions for financial issues and develop systems and processes that meet the specified needs of business for appropriate consideration for social, cultural, Environmental and economic issues and challenges.

Module 2	Cost Ide	ntification and Cla	ssification			8 Hours
		lirect and indirect f high-low method				<b>1 1</b>

and fixed costs – use of high-low method, graphical and regression analysis method to bifurcate costs and estimate costs for different activity levels – relevant and irrelevant costs.

#### Module 3 Overhead Analysis

10 Hours

Overheads- Meaning, Allocation, apportionment and re-apportionment of overheads repeated distribution and simultaneous equation method, Cost absorption – under and over absorption of overheads, treatment of direct and indirect costs in ascertaining the marginal cost of a cost object, Difference between marginal and absorption profits, Marginal cost pricing and full-cost pricing to achieve specified targets.

Module 4	Cost and Management Accounting Techniques	15 Hours	
----------	---	----------	--

Concept of risk and uncertainty - Probability and its relationship with proportions and percentages - Expected values and expected values tables - Limitations of expected values – Calculate summary measures of central tendency and dispersion: mean, median, variance, and standard deviation. - Graphs/diagrams and use of normal distribution tables -BEP and CVP Analysis - Breakeven charts, profit volume graphs, target profit, margin of safety. Make or buy decisions, Limiting factor/Key factor analysis.

Multi product Break Even Analysis, Impact of cost structures on the Break Even Point, Operational Gearing and Sensitivity Analysis, Time value of money. Application of financial mathematics techniques like Discounting, Compounding, Net present value, Internal rate of return, and Payback for investments or projects.

Module 5Standard Costing and Variance12 HoursStandard costing - Principles of standard costing, Standards for the selling price and variable<br/>costs of a product or service - Variances: materials (total, price and usage); labour (total, rate<br/>and efficiency); variable overhead (total, expenditure and efficiency); sales (sales price and<br/>sales volume contribution) - Planning and Operating Variances - The use of variances to<br/>reconcile the budgeted and actual profits that have been calculated using marginal costing.<br/>- Interpretation of variances, need for appropriate performance measures, use of appropriate<br/>financial and non- financial performance measures in a variety of contexts12 Hours

Module 6Budgetary for Planning and Control10 HoursBudgeting for planning and control - Functional budgets - Master budget, including<br/>statements of profit and loss, financial position and cash flow - The importance of cash<br/>budgets - Fixed and flexible budgeting - Budget variances, integration of the cost accounts<br/>with the financial accounting system, Prepare integrated accounts showcasing standard cost<br/>variances - Job and batch costing methods - Cost accounting statements for management<br/>information in manufacturing, service and not-for-profit organisations.10 Hours

Skill Develop	oment:
1	Classify various expenditures of six Public Sectors and six Non -
	Governmental Organisations into relevant and irrelevant costs
2	Make a comparative study of marginal costing and absorption costing of two different industries and find out their pattern of calculation of profits.
3	Analyse various activity areas of a large scale manufacturing unit and identify their cost drivers.
4	CVP and BEP Analysis and resource Optimisation Level using Spreadsheet /
	Goal seek / Solver.

Course Objective	· · · · · · · · · · · · · · · · · · ·								
Course O	utcom	es					T Levels		
CO1	cost	management,	ent accounting pr and strategic p cating costs withi	planning by	effectivel	y identifying			
CO2	Analyse cost methods and techniques, including marginal and absorption costing, variance analysis, and ABC, to effectively manage costs and enhance decision-making in both traditional and digital contexts.								
CO3	Analyse budgeting techniques and budgetary control concepts to plan, T4 forecast, and analyze budgets, incorporating what-if analysis, big data analytics, and ethical considerations to improve organizational planning, coordination, and performance.								
CO4	Examine short-term decision-making techniques, including relevant cost analysis and break-even analysis, to optimize product decisions, pricing strategies, and product mix, while considering data, technology, and ethical implications.								
CO5	Examine and apply long-term decision-making techniques, including DCF, NPV, and IRR, to assess capital investments and manage product portfolios, while understanding the role of management accountants in supporting strategic, long- term decisions.								
CO6	Examine and apply techniques to manage risk and uncertainty in short- term decision-making, including sensitivity analysis, probability distributions, and decision trees, to enhance budgeting and decision- making processes.								
Modul	e 1	Cost Accour	ting for Decision	and Control		1	0 Hours		
manageri Relations	al and hips be	strategic leve	inting, Characteri els within organiz anagement accour ractice of manag	zations , role ntant and the	e of the m e organizat	anagement a tion's manage	ccountant , ers , Role of		

Different rationales for costing: Inventory valuation, Profit reporting, Cost management and transformation, Decision-making, Cost elements, Cost structure, Cost behavior, Cost drivers, Costing applied to different types of organizations, Costing applied to digital cost objects - Methods to Determine Cost : Trace, classify and allocate costs

classification - In Relation to output, In relation to activity level, In relation to decisions

Module 2	Cost Methods and Techniques	10 Hours							
Marginal costing, Absorption costing, Price and rate variances, Usage and efficiency variances,									
Interpretation of variances, Product, and service costing using ABC, Advantages of ABC over other costing systems, Features of digital costing									
Module 3	Budgeting and Budgetary Control	14 Hours							
Preparing Budge volumes, Compo Stress testing b	of budgets - Planning, Communication, Coordination, Motivation, et: What-if analysis in budgeting, Time series and trend analysis to onents of master budgets and their interaction with each other, Lin udgets, Big data analytics and budgets, Alternative approaches lits relationship with budgeting	forecast sales niting factors,							
	rol - Concept of budgetary control, Flexed budgets, Target setting an ad uncontrollable outcomes, Dysfunctional behaviors in budg in budgeting								
Module 4	Short-term Commercial Decision-making	10 Hours							
Short-term decisions: Product decisions, Pricing, and revenue maximizing decisions, Marginal and full cost recovery for pricing decisions, pricing and revenue maximization for the short term, Product mix - Concepts of short-term decision-making: Objectives of decision-making, Implications of commercial decision-making in the short term, Relevant revenues, Relevant costs, Difference with profit reporting
