# St. Joseph's College of Commerce (Autonomous) 163, Brigade Road, Bengaluru – 560 025

Accredited with 'A++' Grade (4<sup>th</sup> Cycle) by the National Assessment and Accreditation Council (NAAC)

Recognized by the UGC as "COLLEGE WITH POTENTIAL FOR EXCELLENCE"

# **Bachelor of Commerce**

# (Analytics)

# Semester I & II

Syllabus as per Karnataka State Education Policy

2024

Framework w.e.f., 2024-2025

Academic Year 2024 - 2025

Batch 2024

### St. Joseph's College of Commerce

#### (An Autonomous Institution affiliated to Bengaluru City University)

St. Joseph's College of Commerce (SJCC) was formerly a part of St. Joseph's College, established in the year 1882. The Commerce Department was established in the year 1949 and it became an independent college with its own building in Brigade Road in the year 1972.

The college has in its Vision a model for higher education which encourages individuals to dreamof a socially just world and in its Mission a strategy to empower individuals in realizing that dream.

With an objective of imparting quality education in the field of Commerce and Management, the college has been innovating in all aspects of higher education over a long period of time. These innovations were further bolstered with the granting of autonomous status to the college by UGCin September 2005. From then on, the college has taken a leadin reforming curriculum and syllabus, examination and evaluation pattern and teaching and learning methods through the Board of Studies, the Academic Council and the Governing Council comprising of eminent academicians, industry representatives and notable alumni.

The college has undergone four cycles of NAAC accreditation starting from the year 2000 in which it secured 'five stars', next in the year 2007 an 'A' grade, in the year 2012 again an 'A' gradeand recently in February 2021 an 'A++'. It is one of the very few institutions in the country to have secured A++ grade in the fourth cycle under the Revised Accreditation Framework (RAF) and the first college in Karnataka to do so. The college was declared as a 'College with Potential for Excellence' in the year 2010. In 2011, SJCC was recognized as a Research Centre by Bangalore University. The college has been ranked 55th in the National Institutional Ranking Framework (NIRF) ratings of Ministry of Education, Government of India, in 2024 and it has been the only institution from Karnataka to make it consistently to the top 100 in the country.

The college offers diverse programmes in Commerce and Business Administration. Under Commerce Studies it offers B.Com, B.Com (Professional- International Accounting and Finance), B.Com (BPM- Industry Integrated), B.Com (Travel and Tourism), B.Com (Analytics), B.Com (Professional - Strategic Finance), M.Com (Finance & Taxation/ Marketing & Analytics), M.Com (International Business) & M.Com (Financial Analysis). Under Business Administration it offers BBA, BBA (Entrepreneurship) and BBA (Professional- Finance and Accountancy). The college also offers six one-year Post Graduate Diploma programmes.

#### **ABOUT THE DEPARTMENT**

The B. Com Department of St. Joseph's College of Commerce has efficiently streamlined all its courses to reflect an interdisciplinary approach to understanding the contemporary business environment. Its aim is to construct a strong foundation in core subjects such as Accounting, Taxation, Economics, Statistics and Auditing along with a choice of Cost Accounting, Finance, Business Analytics, Marketing and Human Resources, studied in the fifth and sixth semester. The courses are challenging, yet rewarding for students with high aspirations. Our students have been sought after by employers for their excellent knowledge, skills and attitude, giving them an edge over their peers from other institutions. The B. Com Programme of the college is rated amongst the top 10 in the country (India Today, AC Nielson Survey 2016).

#### **OBJECTIVES OF THE B.COM PROGRAMME**

- 1. To provide conceptual knowledge and application skills in the domain of Commercestudies.
- 2. To provide knowledge in all the areas of business to be able to meet expectations ofCommerce, Trade and Industry.
- 3. To sharpen the students' analytical and decision-making skills.
- 4. To provide a good foundation to students who plan to pursue professional programmeslike CA, ICWAI, ACS, CFA and MBA.
- 5. To facilitate students to acquire skills and abilities to become competent and competitivein order to be assured of good careers and job placements.
- 6. To develop entrepreneurship abilities and managerial skills in students so as to enable them to establish and manage their own business establishments effectively.
- 7. To develop ethical business professionals with a broad understanding of business from an interdisciplinary perspective.

#### **ELIGIBILITY FOR ADMISSION**

Candidates who have completed the two-year Pre-University course of Karnataka State or its equivalent are eligible for admission into this Programme.

#### **DURATION OF THE PROGRAMME**

The duration of the programme is three (03) years of Six Semesters. A candidate shall complete his/her degree within six (06) academic years from the date of his/her admission to the first semester. Students successfully completing three (03) years of the course will be awarded Bachelor's Degree in Commerce.

#### **MEDIUM OF INSTRUCTION**

The medium of instruction shall be in English. However, a candidate will be permitted to write the examination completely, either in English or in Kannada.

#### ATTENDANCE

- **a.** A student shall be considered to have satisfied the requirement of attendance for thesemester, if he/she has attended not less than 75% in aggregate of the number of working periods in each of the courses, compulsorily.
- **b.** A student who fails to complete the course in the manner stated above shall not be permitted to take the End Semester Examination.

#### **TEACHING AND EVALUATION**

M.Com (All Programs) /MBA / MFA / MBS graduates with basic degree in B. Com (All B.Com Programs), B.B.M, BBA & BBS from a recognized University, are only eligible to teach and evaluate the courses (excepting languages, compulsory additional subjects and core Information Technology related subjects) mentioned in this regulation. Languages, IT related courses and additional courses shall be taught by the Post-graduates as recognized by the respective Board of Studies.

#### ACADEMIC EVALUATION UNDER STATE EDUCATION POLICY (SEP) EFFECTIVE FROM ACADEMIC YEAR 2024-2025

The academic evaluation of both undergraduate (UG) and postgraduate (PG) programmes consists of two components: Continuous Internal Assessment (Formative Assessment) and End-Semester Examination (Summative Assessment).

#### a. Assessment for UG Students under SEP will be as follows:

Type of Assessment	Assessment Component	Allotted Marks			
	CIA I (Test)	10 Marks			
Continuous Internal Assessment / Formative Assessment	CIA II (Skill-based Assessment)	10 Marks			
i of mutive Assessment	Mid-Term Exam	20 Marks			
Total	40 marks (scaled down to 20 marks)				
End-Semester Examination / Summative Assessment	End-Semester Examination	80 Marks			
TOTAL		100 Marks			

#### Additional Details:

• **Mid-Term Exam**: The mid-term test covers at least 40-50% of the syllabus and has a duration of one hour.

• **Continuous Internal Assessment (CIA) Activities**: CIA activities are designed with clear objectives, modalities, assessment rubrics, and outcomes. These activities are robust and are conducted continuously throughout the semester.

#### End-Semester Examination (ESE) under SEP - Rules and Attendance Requirement:

- The total marks for the ESE are 80, with a duration of 3 hours under SEP.
- A minimum of 75% attendance in each course is required to be eligible to sit for the End-Semester Examinations (ESE).

#### **Attendance Requirement for Taking ESE:**

• The University Grants Commission (UGC) mandates a minimum of 75% attendance in each course to be eligible to write the End Semester Examinations (ESE). The college strictly adheres to this rule as required by the UGC.

• There is no provision for condonation of attendance under the UGC Act.

#### **CIA Improvement:**

• There is no provision for enhancing CIA marks for UG students once the semester ends. Therefore, students are advised to take all formative assessments seriously.

#### **Absence during End Semester Examination:**

• If a student misses the End Semester Examination, they will be marked as "Absent" and will be required to take the supplementary examination for that course during the next available opportunity only.

#### **Criteria for Passing and Classification:**

#### Minimum for a Pass:

1. **Minimum Pass Marks in Final Examination**: A minimum of 40 percent is required in each course. The student must score at least 32 marks out of 80 in the End Semester Examination (ESE).

2. **Overall Pass Requirement**: The aggregate of Continuous Internal Assessment (CIA) and End Semester Examination (ESE) should also be a minimum of 40 percent. Out of 100 marks, a student must secure at least 40 marks in each course to qualify as passed.

3. **SGPA Calculation**: SGPA (Semester Grade Point Average) is calculated as follows:

#### SGPA=Total of (Credits Earned X Grade Points) ÷ Total of Corresponding Credits

- 4. **SGPA Calculation Eligibility**: SGPA will be calculated only for students who have passed all courses, including graded courses, in the semester.
- 5. CGPA Calculation: CGPA (Cumulative Grade Point Average) is calculated as

#### CGPA=∑Total credits in the semester × SGPA ÷Total credits of the course

CGPA= $\Sigma$ Total credits in the semester × SGPA ÷Total credits of the course

SGPA and CGPA will be rounded off to two decimal places.

#### Interpretation of SGPA/CGPA and Classification of Final Result for a UG Programme

#### I. Classification of Successful Candidates

- **Grading System for Choice Based Credit System (CBCS)**: The College adopts a tenpoint grading system. The following are the modalities and operational details:
- **1. Credits**: Credits are assigned to courses based on the following broad classification:

Courses category	Instruction Hours/week	Credits
Languages	3 Hours	3
Major Core	4 Hours	4
Compulsory courses	2 Hours	2
Skill Enhancement Courses	2 Hours	2

**1. Grade Points**: The papers are marked in a conventional way for 100 marks. The marks obtained are converted to grade point according to the following table. If a student is absent for the paper the grade point assigned is 0.

% Marks	95-	90-	85-	80-	75-	70-	65-	60-	55-	50-	45-	40-	Below
	100	94	89	84	79	74	69	64	59	54	49	44	40
Grade Points	10	9.5	9	8.5	8	7.5	7	6.5	6	5.5	5	4.5	0

#### 2. Semester Grade Point Average (SGPA):

• The SGPA is calculated as the sum of the product of the credits and the grade points scored in all courses, divided by the total credits of Part A and Part B in the semester.

SGPA=Total of (Credits Earned X Grade Points) ÷ Total of Corresponding Credits

- The minimum SGPA required for a pass is 4.00.
- If a student has not passed in a course or is absent, the SGPA is not assigned.

#### 3. Cumulative Grade Point Average (CGPA):

• The CGPA is the weighted average of all the courses taken by a student across all six semesters of a programme.

#### **CGPA=**∑Total credits in the semester × SGPA ÷Total credits of the course

• SGPA and CGPA will be rounded off to two decimal places.

#### Interpretation of SGPA/CGPA and Classification of Final Result for a UG Programme:

Grade Points	% of marks	Grade	Result/Class Description
9.00-10.00	85 - 100	0	Outstanding
8.00-8.99	75 - 85	A+	First Class Exemplary
7.00-7.99	65 - 75	А	First Class Distinction
6.00-6.99	55 - 65	B+	First Class
5.50-5.99	50 - 55	В	High Second Class
5.00-5.49	45 - 50	С	Second Class
4.50 -4.99	40 - 45	Р	Pass Class
Below 4.5	Below 40	RA	To Re-Appear

#### Pattern of Question Paper under SEP

The question paper under SEP will include questions that assess both Lower Order Thinking Skills (LOTS) and Higher Order Thinking Skills (HOTS). The difficulty level of the question paper will be distributed as follows: 40% easy, 30% difficult, and 30% very challenging.

#### **ESE Question Paper Pattern**:

- **Duration**: 3 Hours
- Maximum Marks: 80

The question paper will follow this model:

Section	Marks per Question	Number of Questions	Total Marks
Section A	2 marks	5 questions (out of 7)	10 Marks
Section B	5 marks	4 questions (out of 6)	20 Marks
Section C	12 marks	3 questions (out of 5)	36 Marks
Section D	14 marks	1 question (Case Study)	14 Marks
Total			80 Marks

#### **Revaluation, Retotaling, and Improvement**

- Requests for **revaluation**, **retotaling**, and **photocopies of the answer book** for the End-Semester Examination (ESE) must be submitted to the Controller of Examination along with the prescribed fee within two weeks from the declaration of results.
- **Improvement** of Continuous Internal Assessment (CIA) marks is not possible after the completion of the particular semester.

#### **Outcome Based Education (OBE)**

#### B. Com (Analytics)Program Educational Objectives (PEOs)

Our **B. Com (Analytics)** program willproduce graduates who will:

**PEO1:** Be competent, creative and highly valued professionals in industry, academia, orgovernment.

**PEO2:** Adapt to a rapidly changing environment with newly learnt and applied skills and competencies, become socially responsible and value driven citizens, committed to sustainabledevelopment.

**PEO3:** Act with conscience of global, ethical, societal, ecological and commercial awareness withsustainable values as is expected of professionals contributing to the country.

**PEO4:** Able to continue their professional development by obtaining advanced degrees in accounting and other professional fields.

#### **Programme Outcomes (POs)**

After the completion of the **B. Com (Analytics)** Programme, the student will be able to:

#### PO1: Disciplinary and Inter - disciplinary Knowledge

**Demonstrate** the **understanding** of relevant business, management and organization knowledge, both academic and professional, in line with industry standards.

#### PO2: Decision Making Skill

**Apply** underlying concepts, principles, and techniques of analysis, both within and outside the discipline to generate all the possible solutions and picks one that shows their understanding of the problem and the outcomes.

#### PO3: Integrated Problem-solving and Research

**Analyze** how parts of a whole interact with each other to produce overall outcomes in complex systems by analyzing key managerial issues in a particular industry or company and propose appropriate managerial solutions to the situation.

#### PO4: Critical Thinking Skill

**Evaluate** evidence, arguments, claims and beliefs by using right type of reasoning as appropriate to the situation and analyze how parts of a whole interact with each other to produce overall outcomes in complex systems.

#### PO5: Creative Thinking Skill

**Develop,** implement and communicate new and worthwhile ideas using both incremental andradical concepts to make a real and useful contribution to their work.

#### PO6: Usage of Modern Technology and Tools

**Use** tools and technologies of digital nature, communication/networking tools and social networks appropriately to access, manage, integrate, evaluate and create information to successfully function in a knowledge economy.

#### **PO7: Leadership and Team Work**

**Develop** a vision, translate that vision into shared goals, and effectively work with others to achieve these goals.

#### **PO8: Ethical Conduct and Sustainability Practices**

Act responsibly and sustainably at local, national, and global levels.

#### PO9: Collaboration and Networking Skill

Work collaboratively and respectfully as members and leaders of diverse teams.

#### PO10: Self-directed and Life - long Learning

**Create** goals and monitor progress toward them by developing an awareness of the personal, environmental and task-specific factors that affect attainment of the goals.

#### **Programme Specific Outcomes (PSOs)**

#### PO 11: Developing analytical model

Develop models to identify and evaluate complex business challenges by analysing data using analytical techniques and visualising tools.

#### PO12: Application of analytical model

Apply appropriate analytical methods into the core business operations and to leverage datato cultivate and nourish informed decision-making.

Module 1	Matrices,	Determinants ar	nd Applicatio	ns		15 Hours						

Matrices: Review of fundamentals: Definition of matrix, order, Types of matrices, Determinant: Value of determinant of order 2x2 and 3x3, minors, cofactors, adjoint, row operations, inverse using formula method and row operations (2x2 and 3x3 matrices only). System of linear equations, augmented matrix, row operations, row echelon form, reduced row echelon form, existence and uniqueness of the solution, Gauss - Elimination method, Cramer's and matrix methods (2x2 and 3x3 matrices only). Applications – Linear systems: Investment Problems, Traffic Flow, and Balancing the Chemical equations, and data encryption and decryption using a matrix and its inverse.

10 Hours

**15 Hours** 

#### Module 2 Algebra

Equations, Degree, Roots of an equation (Including complex roots), Solving Linear and Quadratic equations, Cubic Equations, Synthetic Division Method, Bi-quadratic equations, Nature of the roots, Binomial Theorem (statement and expression only), and Partial Fractions.

Module 3	Eigen values and Eigenvectors	10 Hours

Definition, Characteristic equation, Eigen values, Eigen vectors (2x2 and 3x3 matrices only). Cayley Hamilton theorem (Only statement), verification of Cayley Hamilton theorem (only 2x2 and 3x3 matrices), using the same finding the powers of A and Inverseof a Matrix using Cayley Hamilton theorem.

Functions, Limits and Continuity, Differentiability (concepts only), Derivative of a function, derivatives of the standard functions (excluding trigonometric functions), Rules of Differentiation: addition/subtraction, scalar multiplication, product, quotient, chain, Differentiation of Parametric functions, Partial Derivatives, Maxima and Minima, Applications: Cost minimization and Revenue and Profit maximization, Break Even Point, Marginal Cost, Marginal Revenue, and price elasticity of demand.

#### Module 5 Integral Calculus

Introduction, Indefinite Integration, Standard Integrals (excluding trigonometric functions), Rules of Integration: addition/subtraction and scalar multiplication, Integration by Substitution, Integration by Parts, Integration by resolving into Partial Fractions, Applications of Integration in business (finding cost, revenue functions from marginal cost and marginal revenue functions)

Module 6	Mathemat	Mathematical modelling through Differential Equations1									
First order Linear Ordinary Differential Equations, Homogeneous and Non-Homogeneous											
Differential	Equations.	Applications-	Exponential	Growth	model	(Continuous					
a a mana a sum dina	a of an invest	had managed bad	Lagistia Creary	the mead of (	Ducinoga	ann li anti an a					

Differential Equations. Applications- Exponential Growth model (Continuous compounding of an invested money) and Logistic Growth model (Business applications: fishery, rabbits, piggery etc.)

### Skill Development:

1	To solve and visual system of linear equations with 3 variables on GeoGebra website (Math visualizer platform)
2	To represent the functions graphically and identify the roots on a math visualizer software.
3	To understand maxima – minima procedure graphically through a math visualizer software.
Book for Refe	rence:
1	Arora, P. N., & Arora, S. (2021). <i>Mathematics</i> (2nd ed.). S. Chand Publishing.
2	Agarwal, D. R. (2022). <i>Comprehensive Mathematics</i> (6th ed.). Tata McGraw-Hill Education.
3	Sharma, A. (2021). Business Mathematics and Analytics. Wiley.

4	Goel, A., & Goel, A. (2021). <i>Mathematics and Statistics</i> . Laxmi Publications.
5	Singh, J. K. (2021). <i>Business Mathematics</i> (3rd ed.). Tata McGraw-Hill Education.
6	Stall, R. R. (2015). <i>Linear Algebra and Matrix Theory</i> (2nd ed.). Jones & Bartlett Learning.
